M.Sc. in Human Disease Genetics (2018-2020)

(Degree awarded by Bangalore University)

The Centre for Human Genetics, Bangalore, invites applications for admission to the M.Sc. programme in Human Disease Genetics for the session 2018-2020.

This is a unique interdisciplinary programme at the interface of modern biology and medicine. It covers fundamental cell and molecular biology, population biology, statistics, human genetics, genomics, clinical genetics and genetic counselling. The curriculum consists of lectures, laboratory work, seminars and discussions and includes a strong component of research, case studies and activity-based learning.

The programme can be viewed as a first step towards a professional career in human genetics, disease diagnostics and allied bio-medical fields or towards advanced studies leading to a Ph.D. or MD degree.

Eligibility: A Bachelor's degree in any area of biology or medicine. Motivated candidates with an undergraduate degree from other streams can also apply. Selection will be based on a national-level online test followed by an interview. Students appearing for the final year exam as well those who are waiting for the results may also apply.

Fees: Subject to University approval, the course fees are estimated to be Rs. 1,75,000/- for the two-year course. Fee concession is available to eligible applicants.

Last date for receiving applications :	Friday, 25 th May 2018; for details see: www.chg.res.in
Date of online test :	Sunday, 27 th May 2018
Interview dates :	Between 5 th and 6 th June 2018
Programme starts on :	Monday, 23 rd July 2018
For application forms, queries and correspondence :	mscapp@chg.res.in ; Mobile: 9482864314
